ATTITUDE IS EVERYTHING

Auditioning can be a very difficult or inspiring thing to do. What you gain from being accepted or not accepted, is your choice. If you do not try, then you gain nothing. If you try and are accepted, then get ready for a challenge and great performing experience. If you try and are not accepted, then you have gained the experience of the audition and will have an idea of what to work on for the next one. If by not being accepted, you decide to never do an audition again, then you have created an obstacle that is damaging to your growth as a person.

Be receptive to the fact that making the Company does not make you better than others, just as, not making the Company does not make you less than others. It simply means that there was a criteria set and not everyone will be at a level in their dancing to meet what is needed to perform with the Company now.

Keep your personal feeling from taking charge, so you can take charge of how you feel.

It is wonderful that you take this opportunity to broaden your horizons, whatever the outcome, you decide!

If you audition for Company, then we assume it is because you want to perform and be a part of this organization. If you are accepted for a position and then decide not to accept it, there will be a one (1) year waiting period before you can audition again. You will not be eligible to audition for other organizations at Southern Dance this year.
